

Register online for PTA events

The Friends of Phoenix PTA has set up an online page for all our events, including buying tickets for discos, etc. Please take a moment to register with us - our first event is rapidly approaching!

Go to

www.pta-events.co.uk/friendsofphoenix

Click on 'Register', enter your details

Go to My account

Class mailing lists. It will read, 'You currently have no children registered on class mailing lists'. Click here to register a child on a class mailing list.

Add your child's details and class number. The class password is eg class1 (no space) for class one. Just change the number at the end for your relevant class.

Our first set of tickets go on sale on 29.10.18. During your first purchase you will be asked to fill in your card details which should then be stored for any future purchases.

Please note that the PTA do not have access to any bank details - all transactions are made through Stripe. There is more information held on the PTA events site
